Featured Recipe

Spicy Nacho Beef Pizza

Total Recipe Time: 30 to 35 minutes • Makes 4 servings

1 pound ground beef (75% to 80% lean)
1/4 teaspoon salt
1 to 2 tablespoons finely chopped jalapeño pepper slices
1/4 cup prepared salsa
1 to 2 tablespoons chopped fresh cilantro
1/4 cup shredded cheddar cheese
1/4 cup shredded mozzarella cheese
1/4 cup prepared nacho cheese and salsa dip
1/2 cup pickled jalapeño pepper slices

Heat oven to 450°F. Heat large nonstick skillet over medium heat until hot. Add ground beef; cook for 10 minutes, breaking into 1/4-inch crumbles and stirring occasionally. Pour off drippings. Season with salt. Add in finely chopped jalapeños and salsa.

Place pizza crust on pizza pan or large baking sheet. Spread dip evenly on crust, leaving 1-inch border around edge. Top evenly with beef mixture and jalapeños slices.

Bake in 450°F oven 12 to 15 minutes or until edge of crust is deep golden brown. Let stand 8 minutes.

Cook’s Tip: Cooking times are for fresh or thoroughly thawed ground beef. Ground beef should be cooked to an internal temperature of 160°F. Use a food thermometer to determine doneness. Color is not a reliable indicator of ground beef doneness.

Cook’s Tip: For best results, do not use low-fat nacho cheese and salsa dip.
